FROM EUREKA.—

From the fog bound shores of Eureka, California, Mr. and Mrs. C. A. Long have come to the land of sunshine. They are at the Adams.

COMMERCIAL GUESTS.—Evans T. Richardson, of Casa Grande, J. C. Edlin, of Globe and R. McKibben, of Palo Alto, California, are among the distinguished guests at the Commercial.

VISITING RELATIVES.—Doctor and Mrs. H. E. Southworth, of Prescott, are in the city, guests of the Annex. They came down to visit Mr. and Mrs. William Fox, Mrs. Southworth's parents.

MEETING POSTPONED.—The meeting of republicans interested in the success of the coming campaign set for this evening at the Hotel Adams has been postponed until 7:30 tomorrow evening on account of the performance at the Elks theater.

FLOOD WATERS.—There was a continued increase in the stored water supply at Roosevelt yesterday. Enough water has been added to irrigate the entire valley for a month. Last evening the Salt River had reached a six foot stage at Tempe, and was slowly falling.

ORGANIZED CHARITIES.—For the purposes of furthering the interests of each and to aid the work of financing, a board of organized charities is being established. This committee is composed of members from the Associated Charities, the Florence Crittenton Home, and the Humane Society.

SAN DIEGO VISITOR.—W. L. Besse, president of the Besse Invention company of San Diego, arrived last night by auto from Globe. The party which included Mrs. Besse and son and Miss Margaret Carretto of Bisbee, came by way of Roosevelt with Jack Wilkerson driving. Mr. Besse will spend several days here before leaving for San Diego by way of Yuma.

DONATION TEA.—Arrangements for the Donation Tea to be given Thursday afternoon at St. Luke's Home are nearly complete and the Woman's Board which is back of the affair is extending a general invitation to the public to participate in this event. Refreshments will be served and an opportunity given visitors to inspect the model Home and its scientific care for those afflicted with tuberculosis. Automobiles will meet street cars at the East Lake park terminal during the afternoon to carry the guests the remaining distance to the Home. Gifts of fruit, food or money will be appreciated.

Our Typewriter Man is ready to repair your machine at a moments notice.

The McNeil Company

BUFFALO GUESTS.—Mrs. Charles W. Goodyear, and Miss Adams, of Buffalo, New York, are among the guests at the Adams.

TUCSON LAWYER.—J. B. Breathitt, a prominent attorney from Tucson, was in Phoenix last evening, registered at the Hotel Adams.

GEARYS AT CAPITAL.—Corporation commissioner W. C. Geary has arrived from his Winslow home. Mr. Geary is accompanied by his wife.

IN WRONG.—A Mexican family was arrested yesterday for driving on the wrong side of the street. The culprits were admonished by the court.

NOT YET.—J. P. Orme, who was expected home yesterday failed to arrive, unless he came on a late train last night.

AT THE FORD.—Among the late arrivals at the Ford are F. O. Mackey, of Bisbee; J. C. Boughty and wife and H. M. Pugh, of Globe; J. H. Kern and George Michelson of Yuma.

DAM GONE.—The joint head brush dam was taken out during the rise in the river Sunday, but nobody was surprised for that is expected with every freshet.

ART DISPLAY.—Many people visited the board of trade yesterday and viewed the art display of Lon McGeorge. His collection of pictures shows great variety and some of them are exceptionally fine.

STANDING ROOM ONLY.—A visit to the post office any afternoon supplies ample ocular demonstration that the new federal building cannot be completed any too soon. Standing room only is the order at the present office.

COURT REFORM.—Superior Judge Phillips said yesterday that he is tempted to put a time limit on argumentative attorneys. He thinks that some cases require more time than is really necessary to get at the root of the matter.

LIVELY ARREST.—A man crazed by excessive use of drugs was arrested at Sixth and Jefferson streets last evening. The prisoner gave the officers some trouble on the way to the jail by insisting on removing his clothing.

SUPERVISORS IN CONTROL.—Supervisor Lin Orme informs The Republican that the county poor farm is under the direct control of the board and is not conducted under the contract system as was gathered from an interview with the attorney general, published in yesterday's issue.

RAIN MADE WORK.—The recent storm made work for city electrician Copson and his assistants. The rain found its way into some electric light conduits along Washington street and necessitated a tug of war in pulling the cables from their underground bed and making the necessary repairs.

ON DUTY AGAIN.—John Perrin is again on duty at the city hall where he is the custodian. Perrin has been on the job so long that when he was taken sick several weeks ago and forced to relinquish his duties even the fountain stopped playing. Now that he is back the blind goddess smiles again.

BUCKEYE INSPECTION.—The board of supervisors are acquainting themselves with the conditions and needs of the county at various points by personally conducted trips. On Thursday they will visit Buckeye and look over sites for the proposed branch to the county jail at that place. The old jail was burned some time ago, since when there has been no shelter for the accused. This trip was planned for earlier in the week, but the storm raised the Agua Fria to such an enthusiastic stage that the supervisors deemed it wise to await a subsidence of the raging torrent.

MEMBERSHIP IN BOARD OF TRADE.—Committees of the board of trade have been conducting a campaign for new members and meeting with great encouragement. In two days 156 new names were added to the roll. This shows a splendid spirit of cooperation among the people and that is worth more to the valley than anything else. The board needs money but it needs members also, and though there is now a god membership list there should be no less than a thousand Phoenix people enrolled. The committees will continue their work until the city has been well canvassed.

OCEAN TO OCEAN HIGHWAY.—Information comes from Los Angeles that the boosting of the transcontinental road by the Ocean to Ocean Highway association, formed here last December and of which John S. Mitchell of Los Angeles is president, is soon to begin in earnest. It is planned to organize a divisional society in every town of any considerable size along the route from here clear to the east via the old Santa Fe trail. C. E. Woodside has been named as organizer and held a meeting a few days ago in Riverside where the first division was organized. Mr. Woodside expects to come here in the near future on a similar mission and will bring along a quantity of association buttons as an advertising measure. William H. Durham it is stated has been named to have charge of the movement here.

CHINESE "REPUBLIC"
IS IN SORE STRAITS
General Belief is That The Present Uncertain Situation Cannot be Much Longer Maintained.

[Associated Press Dispatch]
PEKING, March 11.—Armed peace holds away throughout the city today. The legation quarter is closed and cannon have been moved onto the walls. Yesterday, old style troops who started disorders and they were ordered today to proceed to Tung Ho. They tore down the republican flags a few hours before the inauguration of Yuan as president of the republic. Many natives followed suit and for a time the authorities were confronted by a serious situation. The Manchu garri-

Oatmeal Crisps

(By Mrs. Mary J. Lincoln, Author Boston Cook Book)

Melt one rounded tablespoon Cottoleone and one-half cup sugar in one-half cup hot milk, add one-half level teaspoon salt, one teaspoon lemon juice, one cup called oats (uncooked) and enough granulated flour to make a soft dough. Drop from a teaspoon some distance apart, on a greased pan, shape with a wet knife and bake in moderate oven. Or, add more flour and roll thin, cutting as desired.

It is interesting to note the use by Mrs. Lincoln of Cottoleone—the perfect shortening. Hundreds of cooking experts are now using this cooking fat exclusively.

son in the port of the third division is now acting as a bodyguard for Yuan. The Manchus hold the site of the destroyed gate of the Imperial city with Maxims, permitting only merchants to enter. Shootings occur occasionally and decapitations daily. Few shops are open and wealthy Chinese remain in the legation quarter. Legations are of the opinion the Nanking government is incapable of re-establishing order unless the republican armies are brought north.

CAMPBELL WRITES ON RECALL OF JUDICIARY

James Second, of England, and Pilate Were Two Men Who Practiced That Reform.

[Associated Press Dispatch]

WASHINGTON, March 11.—Congressman Philip Campbell, of Kansas, whose speeches in Concord, N. H., referred to the Roosevelt letter to Dixon Sunday, took hand today in the presidential primary controversy, giving out copies of a letter written by him self to Roosevelt. Campbell makes

some observations on the recall of judges. "You have overlooked one of the most important cases ever tried," he wrote. "Pilate acquitted Christ. An appeal from Pilate's decision was taken by the people, and the Saviour was crucified."

After referring to James as a reactionary who recalled the judges he had appointed when they would not write the kind of opinions he wanted, he said:

"Now doesn't it look to you, on reflection, like rank reaction, to go back to the instrumentalities of government, some of them older than the Roman civilization, and that brought bad rule and limitation of years rather than good rule and length of days to the governments that adopted and practiced them?"

Fraternities Brotherhood requests the presence of all members Tuesday evening at Melzer's Hall. Business of importance shall be brought up, refreshments will be served after lodge.

LITTLE MISS HOOPER PLEADS FOR SUFFRAGE

Daughter of Tennessee's Governor Goes Before Legislature to Present Cause of Down-trodden Women.

[Associated Press Dispatch]

NASHVILLE, March 11.—Little Miss Nina Hooper, the nine-year-old daughter of Governor Hooper, has the distinction of delivering the first suffragette speech made before the Tennessee assembly. It was all her own planning. Appearing at the capitol today, she solicited the aid of her father's stenographer in preparing her speech. Then, collecting a few special friends from among the state-men and officials, she led the way to the assembly chamber, and jumping upon the rostrum, said:

"My fellow citizens: 'I come pleading to you men to let the women vote. Do I believe in the way Mrs. Pankhurst is trying to get votes? No, I do not. I do not believe in smashing up windows, but I do believe you ought to let the women vote. Why should we not help to make the laws for the country? Intelligent men are allowed to vote, but intelligent women are not. This is not right and every sensible man knows it.'"

NOBODY KNOWS.

Here's New Probe, But Nobody Can Tell Its Serial Number.

[Associated Press Dispatch]

WASHINGTON, March 11.—Another congressional investigation is planned as the result of an agreement today by the house committee on interior department expenses to examine into the affairs of the Indian office during the Roosevelt and Taft administrations. A sub-committee will be sent to Arizona, Oklahoma and other States of the west to get information at first hand regarding operations in the Indian office. The charge that an official permitted intoxicating liquors to get into the Osage reservation will be investigated. The government spends nearly a hundred thousand dollars a year to suppress liquor traffic among the Indians.

Why We Do It Better
Our washing machines have about thirty times the capacity of the washtub. We change water at least six times while washing one load. It takes an hour and a quarter to wash them. We use plenty of steam, hot and cold water and plenty of everything. And we know how. Send your laundry to a modern white laundry.

Arizona Laundry
WHITE WAGONS

We are growing. Our customers are the satisfied ones. An order from us insures a quick and careful delivery of the best grades of material. We pile our lumber vertically, which prevents warping and twisting.
